

INTERGEO 2020 UPDATE

INTERGEO: INNOVATION HUB OF THE GEO INDUSTRY

WITH AN ANTICIPATED 700-PLUS EXHIBITORS FROM 42 COUNTRIES AND 20,000 TRADE VISITORS FROM 100 COUNTRIES, THIS YEAR'S INTERGEO EXPO IS SET TO BE THE INNOVATION HUB OF THE GEO INDUSTRY

The world's leading expo and conference platform for geoinformation, geodata and future-oriented applications will take place from 13 to 15 October at the Berlin Exhibition Grounds in Germany. The venue, which is close to the city centre, is easy to reach and directly connected to airports via motorway. The INTERGEO CONFERENCE and FOCUS SESSIONS will take place in a brand new facility (Hub27), while the EXPO will be open for business in halls 21-27 with over 700 exhibitors. To find out more on exhibiting, please visit <https://www.hinte-marketing.de/intergeo-en/exhibitors.php>

Dedicated platforms

A number of dedicated platforms relating to future-oriented subjects such as BIM, Smart Cities and drones will feature in the exhibition halls. More information on these topics, and how innovative technology is being applied, can be found at <https://www.interaerial-solutions.com/interaerial-solutions-en/index.php> (drones) and <https://smartcitysolutions.eu/en/> (smart city solutions)

Looking for inspiration?

The international INTERGEO CONFERENCE takes place over three days with well-known speakers and around 1,300 participants. FOCUS SESSIONS on current topics offer deeper insights. Three EXPO STAGES in the areas of UAVs, Smart Cities and Geoinnovation/BIM will ensure learning and interaction in the exhibition halls. For highlights of last year's conference and keynote presentations, please visit <https://www.hinte-marketing.de/intergeo-en/conference/highlight-topics.php>.

A new feature of this year's conference is that exhibitors will have the opportunity to make their own contributions to EXPO STAGES or FOCUS SESSIONS.
