

INTERGEO 2021 UPDATE

INTERGEO: THE SHOW GOES ON!

THIS YEAR'S INTERGEO EXPO AND CONFERENCE IS ON TRACK TO BE HELD 'LIVE' IN HANOVER, AS WELL AS BEING AVAILABLE DIGITALLY, 21-23 SEPTEMBER - WITH NO RESTRICTIONS AND FULL PARTICIPATION!

Save the date and get inspired for THE event for future-oriented geo-applications with its theme "Inspiration for a smarter World."

The INTERGEO organising team visited Hanover at the end of March to finalise plans for the hybrid trade fair and conference experience.

The focus of the event is on technology trends and innovations in:

- **Smart Surveying**
- **Reality Capture**
- **Positioning Technologies**
- **Machine Learning**
- **BIM / Digital Design and Construction**
- **Smart Cities, and**
- **UAV/Drones**

Almost 100 industry suppliers have already registered for the Expo, while the Conference programme and topics have been fixed.

Whether attending in person, or visiting virtually, this hybrid INTERGEO event will have innovative highlights that offer everyone a great experience.

For the latest on attending, exhibiting, presenting or sponsoring this year's event, please visit <https://www.intergeo.de/en/news/intergeo-2021-hanover-germany>

Preparations get underway for staging this year's event
