Charlotta Sund Appointed New CEO Of Swedish Space Corporation

The Board of Swedish Space Corporation (SSC) has appointed Charlotta Sund as the new President and CEO of the SSC Group. She will take office during the autumn of 2023 and succeeds the current CEO **Stefan Gardefjord** who retires after twelve years in the company. Since 2018, Charlotta Sund is the President and CEO of Tekniska verken in Linköping, an industrial group tasked by regional community owners with creating **resource-efficient energy systems** for a sustainable society. There, she has led the organization through times of change, during the current energy crisis, as well as adapted to new regulations and expectations from both private and commercial actors on sustainable, safe and secure services. www.sscspace.com
